LAUNCHING THE SECOND SEASON OF NONNA BAZAAR

Mediterranean farm-to-table restaurant embracing Menorca's party atmosphere

Menorca, 12th April 2023.

Celebrating the Mediterranean's much-loved approach to slow and joyful living, Nonna Bazaar is the multi-sensory lifestyle and restaurant concept from Zannier Hotels. Set within a centuries-old finca across a 400-hectare working farm, Nonna Bazaar first opened in Menorca last year and will be starting its second season on the first of June 2023 until the end of the summer late September.

Improved concept

The flavoursome menu with its high-quality ingredients sourced from the vegetable garden and surrounding farmland and orchards will remain the same. Nonna Bazaar will continue to advocate a fresh farm-to-table culture to maintain that unforgettable standard. Favoured dishes such as traditional cochinitillo asado, zingy salads, fresh carpaccio's, pizzas from the wood-fired oven, homemade deserts and so much more will still be served. Besides enjoying an outstanding dinner, guests can also enjoy a drink at the bar.

This season is all about bringing together dance and live music, complementing the astonishing views of the sunset. Outside dining under the vast, shaded terrace can be enjoyed from 7.30 pm in two services. From 9:30 pm onwards, the Menorca nightlife atmosphere will prevail, and the restaurant will be showing its true party colours.

Party-infused dining and more

When night falls, Nonna Bazaar reveals its festive spirit. Our resident DJ will get everyone in the party mood, inviting them to share their best moves. Throughout the season, various astonishing guest DJ's will attend including the performances of OCY and MOØRIS. This is truly a time to enjoy the music and have fun with friends, family and loved ones. Nonna Bazaar's soulful spirit is also very suitable for private events such as birthdays, bachelor parties, etc.

Local at heart

Nonna Bazaar sincerely embraces a multi-cultural heritage while celebrating family traditions, authentic Mediterranean food, immersive experiences, and conviviality. The consciously curated boutique is created to resemble old town night markets, with a selection of high-quality books, clothes, jewellery, and accessories.

In a nutshell

Nonna Bazaar is an authentic farm-to-table restaurant and bar that combines the slow-life Mediterranean vibe with Menorca's exciting party atmosphere. Far more than just a restaurant, it is a buzzing social hub for local and international guests. Located just outside of Ciutadella, it is a unique oasis bringing together dance and live music, that features a shop, a pétanque court, an ancient chapel and much more. It is the perfect place to create memories and savour life to the fullest.
