

Le Chalet Zannier: as pure and authentic as the mountains

The mountains don't lie. They are as they are: majestic. Both discrete and impressive, they give rise to dreams and invite you to adventure. The Zannier Hotels' adventure began in the middle of a field of white, high up in Megève. In 2011, Arnaud Zannier discovered a superb chalet for sale and did not hesitate one second. For four months of the year, "Le Chalet" is now renowned for its irresistible charm, its pure luxury, its bounty, all provided by the management of this 5-star hotel, and all of which makes you feel at home in these exceptional surroundings. It is an invitation to let go and escape. A true gentle, mountainous cocoon that has, for three consecutive years, won the prize of the best ski boutique hotel in France!

A universe of luxury and simplicity

Lying in the heart of the prestigious ski resort of Megève, this 5-star boutique hotel has a particular charm with a traditional alpine architecture. The interior design is based on a minimalist philosophy with touches of simplicity, the imperfection of antique objects and the nobility lent them by the passage of time. Natural materials are given their due value. Traditional

oak floors, old wood fittings and sanded wood furniture polished with lime resin offer a pure framework into which made-to-measure sofas and curtains, natural cottons and washed linen effortlessly meld. The outcome is completed by solid and functional furniture, sourced throughout Europe and chosen for their pure simplicity.

The hotel houses twelve sumptuous rooms and suites that comply with the highest requirements of beauty and good taste. The suites are spacious and all enjoy a balcony or a terrace, offering breath-taking views over the village and the mountains. They are fitted with a king-size bed, a living area, an office area and an open fire. Le Chalet also has four junior suites, two prestige rooms and two deluxe rooms. A team of some 40 staff work in the background to ensure that each stay at *Le Chalet Zannier* becomes an unforgettable souvenir.

Exceptional service

From breakfast through to the 'patisserie' buffet at 4pm, from ski lessons to the reservation of other sports or mountain activities, the concierge and its team are there to ensure that all their guests, right down to the youngest of them, feel at home in this magical environment.

After a day skiing or walking, it is a wonderful luxury to return to *Le Chalet Zannier* with its wellbeing area, offering many different relaxation possibilities: indoor swimming pool, hammam and sauna. It is truly a space dedicated to calm and serenity. Guests can also reserve one of the various beauty treatments offered by the highly qualified staff, under the kind, vigilant and professional eye of the Spa Manager.

In the evening, the bistro chic atmosphere of *La Ferme de mon Père* offers guests exceptional moments of conviviality and gastronomic pleasure. The chef displays his knowledge and impressive skills to satisfy guests while remaining true to the values of *Le Chalet Zannier*. Supper is a true culinary voyage of discovery composed of the best products France can offer. The menu from *La Ferme de mon Père* is definitely an Alpine ode to nature.

Not far, the wine bar¹ offers another sort of culinary experience in its relaxing atmosphere made of comfortable sofas or bar seating area. The selection of tapas that is offered, as well as the wine menu, will ensure that guests can enjoy an authentic and unforgettable moment in the heart of the mountains.

¹ The restaurant and wine bar of *La Ferme de mon Père* are also open to non residents
